Character:

A.S. Migulina came to the notice of Police in connection with her failure to obtain residents certificate. On being quistioned by the undersigned she stated that the "Pao Chia census form" was handed over by her to Yulin Rd. St. 4 months ago and that her failure to obtain the registration certificates was caused by her sickness (according to her she was confined to bed for a considerable time, after being bitten by a rabid dog.)

In the course of enquiries it was revealed that the whole of the family are degrading persons of low reputation. The rent for the house at 446 Baikal Rd. has not been paid for 5 months. Mother is known as a habitual drunkard, and the two daughters were until recently working in the cabarets. The junior daughter-Ludmila has a daughter named Alla, 1 1/2 years old born out of wedlock from an American marine named A. Reinhard. They are frequently visited by different men, who are indulging with them in drinking and are creating disturbances by singing and shouting. It is reported that daughters are earning money by prostitution.

At present the whole family, though registered as living at 446 Baikal Rd., most of the time live at 342 Rue Bourget, with E.S. Gunn.
